

Maria Mangaki
Specialist Podiatrist

BSc (Hons) Podiatry, MSc Podiatric Surgery, UK

Highly trained Specialist Podiatrist with over 10 years of experience in Podiatric Medicine in the United Arab Emirates, United Kingdom and Australia. Bringing dedication, attention to detail, and comprehensive knowledge of the diagnosis and modern treatment of foot and ankle conditions. Main interests are managing sports-related foot and ankle injuries, using the latest available techniques to resolve a problem non-surgically whenever possible. Specializes in musculoskeletal pathologies of the lower limb for both adults and children, including custom made insoles, and in podiatric dermatology. Experienced in working with a multidisciplinary team including orthopaedic surgeons, vascular surgeons, diabetic specialists, endocrinologists, rheumatologists and physiotherapists. Organised seminars to educate the public on the importance of foot care.
